RELATIONSHIP-BASED BUSINESS MODEL

Our fundamental business strategy is focused on developing and building upon long term relationships with a select number of key clients. We get to know our customers' businesses intimately, and partner with them to help them achieve their objectives. We call this approach client advocacy.

Working in step with our customers, this strategy enables us to expand our end markets, capabilities and geographies as we grow consistently over time. Our conservative approach to risk, our low cost of sales, our constant innovation, and our deep knowledge of our clients' drivers and goals allows us to provide measurable value.

More than 90% of our business is from repeat customers: many we've been with for decades, and others we gain through acquisition and expansion into new markets and geographies. Our business strategy continues to yield advantages for all of our stakeholders: value, quality, expertise and advocacy for our clients; steady, consistent, profitable growth for our shareholders; and abundant opportunity for our employees, who represent the industry's top talent.

CORE VALUES

We pride ourselves on being one company around the globe. We sustain this single culture by remaining true to our three core values:

We Are Relationship-based

This first core value is also our fundamental business strategy. We focus on forging strong, long-term relationships with our clients, as we consider sound client relationships the most important contributor to our success. We cement these relationships by providing superior value to our clients and by continuously improving our performance.

Growth is an Imperative

Our clients' needs drive our business, so we grow in pace with their growth. Indeed, to compete in the global marketplace demands growth. And profitable growth is what all our stakeholder groups — client, employee, and shareholder — desire most from us.

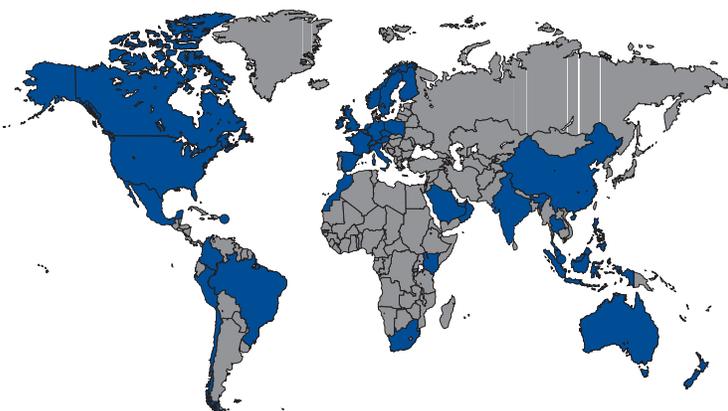

People Are Our Greatest Asset

Employee talent is the cornerstone of our success. Their expertise and capabilities win us the work, perform the work, create value for our clients, and generate loyalty in our investors. So we create an environment where our employees meet fresh, exciting challenges and experience the satisfaction of a job well done. Ours is also an environment that is flexible to change and open to innovation. At Jacobs, every employee contributes to value-added performance.

COMMITMENT TO SAFETY

At Jacobs we are dedicated to keeping our employees safe, healthy, and working towards bright futures. BeyondZero®, our program that promotes a culture of caring, aims far beyond the goal of an Incident and Injury-Free® workplace.

It aims at something deeper, a true culture of caring where concern for employees' health, safety and welfare extends outside the office walls, beyond the project site and into our homes, our cars, and all the places where we interact with friends and family. BeyondZero® and our culture of caring is about the true safekeeping of our employees, their families, our clients and our communities. COMMITMENT TO SUSTAINABILITY

Jacobs publishes an annual *Sustainability Report*. It can be downloaded from the home page of www.jacobs.com.

As an experienced provider of sustainable practices, Jacobs works with clients to reduce their environmental footprint. As business partners to our clients, we focus on delivering the tangible, technical solutions that make a real difference to our clients' triple bottom line. We have the expertise to progressively and cost-effectively reduce the environmental impact and resource intensity of projects around the world.

INDUSTRY RECOGNITION

- **Engineering News-Record (ENR)** – Jacobs is consistently recognized in a number of ENR's Top Lists, and in 2015 was ranked the No. 2 Global Design Firm.
- **Forbes Magazine** – For the second time since 2010, Jacobs has been named one of America's Most Trustworthy Companies in Forbes magazine. In the 2014 large-cap (companies over \$5 billion in market capitalization) category, Jacobs is one of only 14 firms featured; and the only engineering and construction company featured in this category.
- **Newsweek Magazine** – In Newsweek's America's Greenest Companies 2014, which ranks the largest companies in the U.S. on corporate sustainability and environmental impact, we are listed at No. 66.
- The Occupational Safety and Health Administration (OSHA) recognized Jacobs for excellence in worker safety and health as a **Voluntary Protection Programs (VPP) Corporate participant**. Only five other corporations currently hold this recognition in the United States. Awarded in 2010. <https://www.osha.gov/dcsp/vpp/corporate.html>
